How Can Someone Help Me?

An advocate is a trained person who can:

Give you info about Protection from Abuse orders and help you understand what happens in court.

Help you file court paperwork and find legal help.

Go with you to your hearing and give you support and info.

Help you with other services like housing, counseling, support groups, and mental health help.

Help make sure you are safe.

Info on how to file if you are under 18.
